Fall Greetings,

Fall is upon us and winter is quickly approaching. Please be mindful of our street parking ordinance currently in effect to have all boats, campers, and trailers off of the city streets until spring in preparation for snow removal. Our City maintenance department has started winter preparations which includes marking trees that have branches overhanging into the City streets impeding snow removal vehicles. If you have received a notice, please let the office know if you have any questions or concerns. Fall leaves, garden/fruit waste, weeds, and grass clippings can be placed into the grass bins located by City Hall for compost. Please note that all tree branches are not to be placed into either your private recycling or garbage bin for weekly collection, nor in the City Hall grass bins. Tree branches can be disposed of at the Bismarck City Landfill during their business hours. The City is gearing up for the 2020 Census. The City is currently looking for 8-10 volunteers to comprise a Complete Count Committee (CCC) for Lincoln. This committee will help the City assure as accurate data as possible. Committee members will not be responsible for going door to door for the count, but rather helping with information and questions about the census. The time commitment would not be large and would end in June of 2020. Please contact the City office if you are interested. With Halloween festivities coming soon, please be mindful of families and children walking the streets on October 31st. May everyone have a great and safe Halloween celebration.

Sincerely,
Hayley Akre – Council Vice-President
